DETAILED ACTION

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance:
applicant's arguments filed on 7/8/2005 regarding claims 1-9 are persuasive.
Regarding claims 1-9, the prior art of the record fails to teach or fairly suggest information storage media and a method for improving the accuracy of a machine tool, comprising: computer software storage media having computer-readable information recorded to provide trickle feed, delta correction commands, repositioning commands to a machine controller associated with the machine tool from an external software controller, wherein the repositioning commands correct for a position error of a machine tool end effector and are based upon a comparison of measured true position of the end effector measured by an independent laser tracker measurement system and a commanded rest position derived from a digital definition representing a part.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
